QUIZ

5 Min. Success Predictor Quiz

It should serve as no surprise that our attitudes and habits can fairly accurately predict our likelihood of success. Below you find attitudes and habits of successful and unsuccessful people. Place a checkmark on the side where that quality matches your own. Total your checkmarks at the bottom. Compare your totals. The more checkmarks you have in the successful column, the greater your likelihood of success. To increase your own probability of success, adopt more of the qualities from the Successful column. It is God's plan for you to live to your fullest potential. When we feel weak or inadequate, is when God wants to show Himself strong. Pray and He will help you. Then watch how you respond to life daily and make the needed adjustments. Take this quiz again in 6 months and see how much you have improved!

(A) Successful Attitudes / Habits

1 Have a sense of gratitude	Have a sense of entitlement – feel the world owes them
2 Give others credit for their victories	Take all the credit for their victories
3 Read every day	Watch TV every day
4 Talk about ideas	Talk about people
5 Share information and data	Hoard info and data
6 Exude joy	Exude anger
7 Embrace change, even lean into it	Fear change
8 Keep a to-do or project list	React to life as it happens
9 Compliment others	Criticize others
10 Forgive others	Hold onto grudges
11 Accept responsibility for their failures	Blame others for their failures
12 Keep a journal	Say they keep a journal but don't in reality
13 Want others to succeed	Secretly hope others fail
14 Have a vision for the future	Aren't willing to look at the future and plan
15 Set goals and make plans	Never set real goals
16 Are curious and continually learn	Think they know it all
17 Operate from a transformational perspective	Operate from a transactional perspective
